

Cricket Coach Education 2015

UKCC Level 2 Coaching Children Course

The Isle of Man cricket association are committed to develop the game of cricket as a whole on the Island.
To further develop players and coaches alike we will be running a UKCC2 coaching course.

Coaching children is a challenging and enormously rewarding role within the coaching pathway. Players need expertise, support and passion at every level of their development; this course is designed with your player's needs at its core. In turn, the experiences, tasks, practices and sharing of ideas which you experience during the course are design to help equip you with the tools you need to meet your player's needs.

Just as players learn quickly, so do coaches. The challenge for all coaches is to learn as they develop, just as players do.
