

Isle of Man cricket association **Summer camps 2018**

Continuing with our philosophy of creating opportunities for all, the IOMCA will be running a series of camps over the holidays for children between the ages of 6-15.

The camps are inclusive of all ability levels and are a great way to either learn new or improve current skill levels. They will be run by current Isle of Man squad players and coaches. See reverse for details and dates of the camps.

These camps are a great opportunity to wind down the season and look to pick up a tip or two to take forward to next years training.

Intro Camps

These camps are ideal for new or existing players between the ages of 6-10 years old. An indicator of skill levels would be novice, current club Kwik cricketer or a player aspiring to move to 'hardball' cricket next season.

The days will be split into a combination of skills and games. The mornings are skills based, with an opportunity to learn and practice the basics of all disciplines as well as 'play' skill sessions where these skills can be enhanced by the players to create their own game.

The afternoons will be an opportunity to play with a number of different 'fun small sided' games to ensure there is plenty of involvement and lots of opportunity to practice and play.

Junior Hardball Camps

Those regularly playing and moving to Under 11 Hardball cricket as an indicator of skill levels however keen novice players are also encouraged to come along and get involved as the camps can cater for them also.

As with the intro camps these sessions will focus on fun and skill mastery. Opportunities to practice and learn skills and lots of opportunities to play games.

Players of all levels of ability are guaranteed to learn new skills and challenge themselves whilst still understanding enjoyment is the key to success.
