Peter & Greig

Following the recent IOM ACO AGM I have been asked to advise the following:

Umpires Costs

We ask for a small change in that if there is only 1 appointed Umpire they are paid the money that would have been paid to the 2 Umpires if 2 Umpires were appointed.

1. Saturday/Sunday (all Matches) £20 per Umpire or £40 if only 1 Umpire
2. Evening matches £10 per Umpire or £20 if only 1 Umpire

Weekend Start Times

If the start time is not to be 13:00, the start time must be advised to the appointed Umpires by 18:00 on the previous Wednesday.

Evening Matches

We continue to have serious concerns over the available light at both ends of the season. This appears to be a particular problem in the first 2 weeks of the season.

- a. There can be agreed earlier start times
- b. Agreement on reduced overs before the start

If an earlier start time is agreed, can it be adhered to, as arriving 35 minutes before the first player when you have left work early is a little disheartening!

Captain's Report

Constructive feedback is always welcome and we would therefore welcome a trial of the Captain's Report facility on Play-Cricket for Premiership & Tinker Cup matches.

Regards
David
