

Dear Parent/Club Coach

In March next year I'm heading to Sri Lanka on tour with the Somerset over fifties cricket team. We have linked up with a local children's charity and are collecting unwanted cricket kit to send out there. I am hoping to send a parcel from the IOM in early January. If you have any of the following that your son or daughter have grown out of and is still in reasonable condition I would be very happy to include it in our parcel.

- Any cricket clothing except jumpers!
- Bats. Any size including quick cricket. I can repair cracked bats and replace worn out grips.
- Pads, gloves, Boxes, helmets ETC
- Balls
- Wicket keeping kit
- Training kit

If you have something please don't hesitate to contact me (details below). I'm more than happy to collect them or you can drop them at my home. If there's nobody in the black door to the left (next to Eurocycles) is always open and you can leave anything next to the back door.

Many thanks Rob
